"During the relationship, I felt like I was hated."

WILL, SCOTTISH MAN IN HIS 30S

"It was only after I started reading up into the stuff I was like 'wait, that happened to me, that's not right, that's not okay'." MATT SCOTTISH MAN IN HIS 20S

Join us for a groundbreaking play that gives voice to the unheard experiences of gay men's experiences of intimate partner violence (IPV).

Immerse yourself in the raw and authentic narratives of gay men's real experiences which delve into the traumatic nature of the abuse, the health impacts, societal invisibility, and the stigma surrounding the issue.

Based in a group counselling session, the survivors disclose their experiences of unsettling acts at the hands of partners. Accompany them as they take the first step in identifying that a coercive relationship is not love, but abuse!
